## **7 Women Company • NORA**

**until 01.11.2024**

The Berlin based 7 Women Company and director Anna-Katharina Andrees are looking for new performers for our current piece NORA.

NORA is an interdisciplinary piece by Anna-Katharina Andrees, developed and performed by various circus artists and the singer-songwriter Dorothy Bird. Over the last few years, we have developed into a stable company with a total of 7 women. Now we would like to open up the group to new performers in order to create a second cast and be able to tour more flexibly.

What is special about this work: Anna-Katharina is a director and master teacher of the Michael Chekhov Acting technique. In 2020, she invited several women to go on the journey of exploring the technique and working with body language and circus skills. In the course of this journey, a play was created that deals with the process of a life-changing decision. Inner images and feelings were translated into movement and choreography and lived through. It is a unique mix of theatre and circus, focusing on the personal journey on stage, while performing.

NORA has had several residencies, in which we have also worked with the dramaturg Geordie Brookman and other outside eyes. As we had to take a break, we have only performed a few times until now. Next dates are at the *Zeit für Zirkus* Festival 15./16.11.2024 at Pfefferberg Theater with the current cast. More information & trailer to NORA you can find here: [www.anna-katharina-andrees.com](http://www.anna-katharina-andrees.com)

The piece itself is fully developed. We will ask you to learn the choreography and additionally, contribute with your individual style and skills. More details about fees, dates and so on will be shared in a conversation.

We are now looking for more women to join the project in 2025. We are looking for women who are interested to go into this special theatre work, who are interested in investing time and power to do touring and also organizing, driving and packing, who are flexible and are living in Berlin or nearby to be able to come for rehearsals and meetings.

We are looking for artists at any age with following main disciplines with very good skills:

- one performer who works with aerial hoop and contortion
- one performer who works with Cyr Wheel and dance

We are working in German and English.

To apply, please send a short video (max. 5 min.) where you present your artistic skills and where I can see your speciality. Add another short video with a small presentation of your personality and a short description why you think you would fit our company - or write a short letter with these pieces of information. If you would like to present yourself in any other way, feel free to do so.

You must be available for rehearsals from 11.-13.12.2024 and 16.-19.01.2025 and come to our Show in November in Pfefferberg Theater. More information about upcoming dates will follow when we are in contact.

Please send your application to Anna-Katharina at [7womencompany@gmail.com](mailto:7womencompany@gmail.com) with the subject OPEN CALL **until 01.11. 2024**. Anything we forgot to tell you? Please don't hesitate to come with your questions!
